Alexandria Christian Association .- General Prayer Meeting in the 2nd Presb. Church, at 4 o'clock p. m., and every evening during the coming week in the Association's new room, second floor of No. 93 King street, at 4 o'clock. A cordial welcome will be given to all who will attend upon these means of grace.

THE RIVER.—Though a track is still open in the Potomac, navigation to all intents and purposes is practically suspended. The Washington ferry is closed-no trips having been made on it since Thursday. The Potomac Transportation line has ceased operations for the winter; and its two boats, the Kennebec and Express, will not return here until the spring. It is thought the Columbia will make one more trip before being laid up for the winter. If the weather should prove favorable, the Wawaset will leave here on Tuesday next, for Cone river and the Potomac landings. The Aquia Creek steamers continue to run regularly, and the Keyport, this morning, took down from here a large number of passengers and much freight for Glymont and Aquia, from which places efforts will be made to obtain transportation to points farther down the river. Several vessels are ice bound in Washington's Reach, to the assistance of which steam tugs will be sent. Several government stemmers passed by here yesterday evening and this morning, one of which ran aground on the flats just below the city. The steamer Valley City, of the old line between this city and New York, is on the stocks at Philadelphia, undergoing repairs.

SECOND WARD RADICAL CLUB. - A meeting of the Radical Club of the Second Ward was held on Wednesday evening last, (how many present is not stated,) C. W. DeWitt in the Chair, C. J. Burton, Secretary, and "prayer" by Benjamin P. Blair. A preamble and resolutions were adopted, requesting John Hawkhurst to use his "best endeavors" to secure in the Constitution of the State the principle of manhood suffrage, without regard to race or color; for free schools to be supported by a tax on property; for imposing the chief amount of taxation on property; and recommending the tax laws of Pennsylvania to the careful consideration of the Convention, as wise, just and beneficial. After a discussion by DeWitt, Blair, Williams, Potter, and others, these resolutions were unanimously passed.

LAND AND BUILDING COMPANY. -Mr. Pome roy has introduced into the Senate a bill to incorporate the Washington City Land and Building Company, for the purchase of lands, houses, lots, leases and real estate generally within the limits of the District, and to have power to act the same as an individual real estate owner could. The capital stock is fixed at not less than \$200,000 or more than \$1,000,-000, in shares of \$500 each, payable in weekly or monthly installments, as the board of managers may direct.

THE WINTER SOLSTICE. -With to day recurs the winter solstice, and it will be the shortest day of the year. The sun is some thirty degrees south of the Equator and, as the term solstice indicates, will stand still, apparently, for several days. After the twenty-fifth inst. the days will begin to lengthen and the nights to grow shorter, until the summer solstice, which occurs on the 21st of June.

THE MARKET, this morning, was a full one. We have no changes to notice in the prices of vegetables. The Butchers had excellent meats at previous rates. Poultry abundant; turkeys from \$1 to \$3, according to size and quality; geese from \$1 to \$2; ducks from \$1 to \$2 per pair. Butter is from 40 to 60 cts. per to for fresh. Eggs, 35a40 cts. per dozen.

FRIENDSHIP STEAM ENGINE. - A fair trial of the new steam fire engine of the Friendship Fire Company was made this morning at the foot of Duke street, on which occasion it worked beautifully, and to the entire satisfaction of all who were present. The city can now boast of two as excellent steam fire engines as can be seen anywhere.

DUCK SHOOTING.—Good sport was enjoyed yesterday evening, by parties on the wharf at the toot of King street, in shooting wild ducks, which were attracted to that locality by the open water visible off that wharf. Several shufflers were killed-all in fine order. Shooting wild ducks from the wharves of a commercial city, is a new wrinkle in sporting affairs.

Sour House. - The contributions to the city charity soup house since the last report have been: From Col. S. P. Lee 450 lbs. of beef; from Meizger and Hopkins 50 ibs. bread; from Joseph Chauncey, 8 bushels of turnips; and from Wm. A. Moore \$5. About one thousand Prince street, Alexandria, or to persons were supplied with soup to-day.

WATCH PRESENTATION .- Mr. Nat. Hays, the accomplished and popular master machinist Railroad, will be the recipient, to night, at the Phonix Hall Restaurant of a magnificent gold Phoenix Hall Restaurant, of a magnificent gold watch and chain, which will be presented to him by the machinists employed at the work

shops on that road. WITNESS .- In the Washington Criminal Court, yesterday, Aholiab Sawyer, who gave security to appear as a witness in the case of Henry Johnson, indicted for the murder of Thomas Smoot, was surrendered by his surety, and was ordered into commitment.

CHESAPEAKE AND OHIO CANAL TRADE. -The Cumberland Civilian states that during HARRIE HOUGH. the present year 413 683 tons of coal have been HOUGH & RAMSAY. transported over the Chesapeake and Ohio Canal. This shows an increase of 76,692 tons over the shipments of 1866, and is 70,000 tors in excess of the shipments of any previous year since the opening of this channel. The same paper states that "the canal is now in excellent working order, and every exertion will be made during the winter to make it still more secure against accidents. The Alexandria canal squeduct at Georgetown is being rapidly rebuilt, and we see no reason why the season of 1868 may not show still larger shipments."

ATTEMPTED SUICIDE. - A young man, from Lynchburg, a brakesman on the Orange, Alexandria and Manassas Railroad, attempted, during a fit of mental depression, to commit suicide, last night, at his boarding house, in this city, by taking laudanum. His condition was discovered shortly after he had taken the dose, and medical aid being at once resorted to, he was rescued from impending death, and will be immediately carried to his home.

SLEET.—The sleet on the railroads leading to this city occasioned considerable inconvenience to the passing trains yesterday. On the Alexandria, Loudoun and Hampshire Railroad the trains had to be uncuppled in going up the steeper grades.

MONTHLIES. - Mr. George E. French, No. 95, King street, has received the January numbers of Demorest's Ladies' Magazine, and Le Bon Ton-both filled with cuts, engravings and reading matter of especial interest to the NOTIONS! NOTIONS!

GEORGETOWN has, taken up in earnest the project for building the Loudoun and Hamshire branch. A resolution has passed the City Council to solicit authority from Congress to levy a tax to meet the interest on the required

U. S. STEAMERS. - Yesterday morning the steamers Penobscot and Gettysburg sailed from the navy-yard in Washington for the West India squadron. The Saco will leave for the prices. same squadron to-day.

PROPERTY SALE. - A lot of ground on the east side of Pitt street, 32 feet front, 116 feet deep, was sold this morning at public auction, to Thomas Lannon, for \$507, by S. Furguson
